

BOARD OF TRUSTEES

AGENDA

5:00 pm - 2nd floor Board Room

August 24, 2017

Jay Semel, President
Diane Baker
John Beasley
Kellee Forkenbrock
Janet Freeman, Secretary
Adam Ingersoll
Carol Kirsch
Robin Paetzold

Monique Washington, Vice-President

- 1. Call Meeting to Order.
- 2. Public Discussion.

3. Approval of Minutes.

A. Approve Regular Minutes of Library Board of Trustees July 27, 2017 meeting.

4. Items to be discussed.

A. Library Annual Report.

<u>Comment</u>: Director's report, fact sheet, statistical output. Financial reports are not yet available. Complete report will be available online soon at <u>www.icpl.org/about/annual-report</u>.

B. Art Gallery.

Comment: The architect's estimate to create the gallery space is \$34,960.

5. Staff Reports.

- A. Director's Report. ILA conference. Town meetings.
- B. Departmental Reports: Children's Services, Collection Services, IT Services.
- C. Development Office Report.
- D. Spotlight on the Collection.
- E. Miscellaneous.

6. President's Report.

If you will need disability-related accommodations in order to participate in this meeting, please contact Elyse Miller, Iowa City Public Library, at 319-887-6003 or elyse-miller@icpl.org. Early requests are strongly encouraged to allow sufficient time to meet your access needs.

- 7. Announcements from Members.
- 8. Committee Reports.
 - A. Foundation Members.
- 9. Communications.
- 10. Disbursements.
 - A. Review MasterCard expenditures for July, 2017.
 - B. Approve Disbursements for July, 2017.
- 11. Set Agenda Order for September Meeting.
- 12. Adjournment.

BOARD OF TRUSTEES Minutes of the Regular Meeting

DRAFT

July 27, 2017

Members Present: Diane Baker, John Beasley, Kellee Forkenbrock (by phone), Janet Freeman, Carol Kirsch, Robin Paetzold, Jay Semel.

Members Absent. Adam Ingersoll, Monique Washington.

Staff Present: Maeve Clark, Susan Craig, Kara Logsden, Anne Mangano, Patty McCarthy, Elyse Miller, Brent Palmer.

Guests Present: None.

Call Meeting to Order. President Semel called the meeting to order at 5:01 p.m.

Public Discussion, None.

Approval of Minutes.

The minutes of the June 22, 2017 Library Board of Trustees meeting were reviewed. A motion to approve the Minutes was made by Freeman and seconded by Kirsch. Motion carried 7/0.

Forkenbrock out at 5:10 pm.

Items to be discussed.

Board Annual Report. This is an annual report using a format established by the City of Iowa City that all Boards and Commissions use to present to the City Council. Semel asked what a semiautonomous body is. Craig explained that Library Board sets policy, hires the director, and spends its own money, which other Boards cannot do. Kirsch asked why Paetzold was listed as President on the report; this will be updated to reflect that Semel was President. A motion to approve the Library Board annual report with the correction was made by Kirsch and seconded by Paetzold. Motion carried 6/0.

FY17 Strategic Plan review. This is the report of Library accomplishments in FY2017. Paetzold asked about the programming for autistic children and would like it to be included in the report. Craig said she will add it. The reason it doesn't appear in the report is because the group came to us seeking a partnership. Freeman asked about the State Historical Society. Craig and Clark submitted a resolution at the Iowa Library Association annual conference to increase funding to the State Historical Society. They also lobbied state legislators. Freeman believes this is an urgent matter. Clark said we are doing our best. Craig said this has not received much traction at the state level and is a funding issue that current legislators do not seem to be interested in. Semel asked if we could avoid abbreviations in the plan.

FY18 Strategic Plan. Typically, a fairly abbreviated conceptual plan is presented at the beginning of the new fiscal year, and as the year moves along activities are fleshed out. A more robust version of this plan is brought to the Board later in the year. Craig also wanted to note the elimination of the connect/engage/enrich sections, which felt artificial to staff, who unilaterally agreed to remove these constructs. Freeman is concerned about the director's retirement and how these goals and objectives will apply to a new person. Craig believes the mission statement, goals, and values are helpful to a new person. Beasley wants to move goal 6 to goal 1. Paetzold asked in Goal 6, if there is some concern about leaving the bookmobile outside during the winter. Logsden said we would ultimately like the bookmobile to be garaged. Craig said the City has long term plans to replace facilities and moving the Bookmobile to a garage is part of those plans. Paetzold asked about looking at Saturday hours. Craig said changing Saturday hours arose due to the Bookmobile's popularity at the Farmers' Market on Saturdays. People asked if we could be open earlier so they could get to the library after the Farmer's Market instead of having to wait until the 10:00 am opening. Craig said it is possible we would get more business on Saturday if we were open from 9:00 am to 5:00 pm. It is not a decision to be made lightly, all the aspects need to be considered. Paetzold asked about Goal 6 Number 6, the Book End operations. Semel asked the genealogy lockin (Goal 3, Number 11). Clark said the building would stay open late for genealogy enthusiasts, enabling patrons to use Ancestry.com and other databases for longer than usual since we would be open later. Clark said we would like to tie this activity to DNA day. Semel would like it to be called something other than a lock in. Craig said we will change this. Freeman asked about the Chautaugua. Clark is planning. The first Iowa City Chautaugua was held above Manville Heights; the final ones were held at College Green Park. A motion to approve the amended FY18 Strategic Plan with suggested changes was made by Freeman and seconded by Baker. Motion carried 6/0.

FY19 Strategic Plan. This is the document we use as we prepare the budget in September. It is a continuation of things, evaluating things, maybe dropping things. Freeman asked about delivering At Home packages. Craig said the post office doesn't deliver to individuals at trailer courts, for example. Paetzold asked about a single ID card. Logsden said we have had tentative discussions with Johnson County about this. Currently, each library in Johnson County has a different automated system, making it difficult to use one card at all locations. Craig said this would be a significant expense for everyone. It can work well in places that are part of a county system, for example, but that is not the case in our county. The responsibility for County IDs resides with the Board of Supervisors. There is an open space on the County ID, where a library ID might be placed someday, said Logsden. The Board of Supervisors did some internal work on the ID and that is where it is for now. Freeman asked about a dedicated outreach vehicle. Craig said we have a cargo van that goes to the remote bookdrops and makes deliveries to the County Jail. We have another van, we call the Travel Van, that staff take to outreach sites and use to travel outside of Iowa City for conferences, etc. This item is in the plan to determine if another vehicle is needed to assist Bookmobile staff and activities. Freeman asked why we have to repurpose the Book End space. Craig said this is in the plan in case the Book End Committee decides not to run a standalone store or to do this in a different way. They are currently studying options. A motion to approve the FY19 Strategic Plan was made by Paetzold and seconded by Kirsch. Motion carried 6/0.

FY18 NOBU Budget. NOBU budget funds are primarily gift money and state aide. The Board has the authority to direct how a significant amount of funding is spent. These funds carry balances year after year and are outside the operating budget we receive each year from the City. The timing of this funding is helpful and creates flexibility for library spending throughout the year. Craig said these are

guidelines and she cannot think of any year in which all of the budgeted NOBU money was spent. Craig said this is a true gift that improves library services and we are quite fortunate as many other libraries do not have such funding. Semel asked about collection support and the 3rd issue of the Window. Semel asked how we know the Window is a valuable and effective tool. Craig said this is anecdotal. Staff hear from neighbors and others that they saw something in the Window that interested them. The newsletter is distributed to all addresses; 53,000 are printed. Craig said the Window provides people with a way to be connected to the library and is also an opportunity to catch people who are not library users. Freeman asked about hourly staff contingency. Craig explained that hourly workers make lower wages and have no benefits. However, we greatly increased the hourly pay plan in January because of the change in the Johnson County minimum wage, which has since reverted. Craig said we were overspent in FY17. Craig is a bit anxious about having enough money this year when we will have a full year at the new hourly rates. Baker asked if there is an overall schedule for furniture replacement, etc. Craig said making a maintenance and furniture replacement schedule is one of the things she is going to do before she retires. A motion to approve the FY18 NOBU budget was made by Paetzold and seconded by Baker. Motion carried 6/0.

Staff Reports.

Director's Report. Craig noted the staff annual report happens in August with the end of the year financials. She said people into the building is up; circulation is down around 4%. Craig wanted to commend Clark and her staff particularly with the challenges we have been experiencing with rude and threatening teens in the Teen Center. The City takes this very seriously; it is not just a library problem. The Rec Center has a free meal and teens are there, then the teens go on Transit buses to go home and all three departments have met together with police. A week ago Friday night the Police Chief came to the library and a Community Service Officer has been here regularly. We began having teens sign in to the Teen Center. They need to present a library card or picture ID to be admitted to the room. Clark said yesterday and today have been much better. Craig mentioned there were a couple of instances in the Children's Room with children being left alone in the building all day. We are working on all of this and Craig believes we are making progress. Paetzold asked if there is any concern for safety. Craig said staff know what to do if they do not feel safe or comfortable, which is to call 911. Paetzold asked if this is time to revisit the unsupervised child part of the policy. Semel said it can be a future agenda item. Paetzold believes it is significant for us to pursue our mission, staff safety, and children's safety. Craig said a Police representative is coming to our August staff meeting to discuss these issues. Paetzold asked if this has anything to do with the safety cameras in the bathroom being removed. Craig said no.

There is a public presentation on the Pedestrian Mall redesign Friday night at the Sheraton Hotel from 5:30-7:30 pm. It is hoped the job will be bid by 2/18 and for work to start in the spring of 2018. We continue to recover from the sewer backup in the Children's room. Just a few things left to do.

Departmental Reports.
Adult Services. No comments.

Community & Access Services. Semel asked what we do with Bookmobile stops that have low turnout. Logsden said stops with low numbers may become shorter stops or be replaced by a different site. We are coordinating a couple of stops with the Mobile Food Pantry and dropping others with low use. Monday and Friday Stories in the Park Bookmobile outings have been very popular.

FY17 Public Relations Annual Report and FY18 Public Relations Plan. Craig said these were prepared by Logsden and Hines-Dochterman. Freeman likes the Windshield. Logsden said Hines-Dochterman likes puns.

Development Office. McCarthy said the Rock My Block party is an exciting way to start the fundraising year, a traditionally slow time.

Spotlight on the Collection. No comments.

President's Report. Semel is hosting the Board dinner after the August Board meeting.

Announcements from Members. None.

Committee Reports.

Foundation Members. None.

Communications. Craig said Mr. Weaver was at the City Council meeting last week and announced that he was going to come into the library and make us enforce his ban. Beasley said someone approached him with how happy they were with the bookmobile.

Disbursements.

The MasterCard expenditures for June, 2017 were reviewed. A motion to approve the disbursements for June, 2017 was made by Paetzold and seconded by Kirsch. Motion carried 6/0.

Set Agenda Order for August Meeting.

Annual staff report. Statistics and financial reports. Update on behavior.

Adjournment. A motion to adjourn the meeting was made by Freeman and seconded by Kirsch. Motion carried 6/0. President Semel closed the meeting at 6:19 p.m.

Respectfully submitted, Elyse Miller

Director's Report FY17

Highlights:

- Bookmobile hits the streets
- Enhanced virtual branch features
- · Friends Foundation is 25 years old
- · Bathroom security cameras outlawed by State Legislature

The word for the year was "Bookmobile" – planning, planning, planning, training, training, training, doing, doing, doing. As big a project as the bookmobile is though, it is only a relatively small component of what makes us the busiest public library in lowa. This year we offered a great diversity of programming and collections, made significant improvements in how we use technology to deliver information and serve our community, began a year-long celebration to mark the impact of the Friends Foundation's 25 years of support, and faced some challenges to offering a safe and secure environment.

Bookmobile

It truly was the year of the bookmobile. With funding secured after a lengthy budget discussion last year, a staff committee worked with a consultant to issue an RFP last September, with fingers crossed we could get our vehicle within both the budget and our ambitious timeline. We accomplished both. Built on a truck chassis, 32' long and weighing 21,700 pounds, our beautiful (and bright – thanks to three skylights and windows on both sides) new bookmobile was delivered in April just in time to be part of the National Bookmobile Day celebration held at Mercer Park with the Antelope Lending Library. April and May were busy with maintenance, loading collections, training, and pop-up visits. The full, five-day, 24-stops summer schedule started on June 1.

The vehicle itself was only half of the story. Behind the scenes, staffing was being determined, schedules adjusted, and training offered. All regular bookmobile drivers and maintenance staff have to hold a Chauffeur's License. The City of lowa City's Equipment Division was very generous throughout in allowing trainees to practice driving a similar vehicle, as well as with all of the many issues related to maintenance and adding a unique, new vehicle to the fleet. We first automated our library catalog and processes such as placing holds in 1979. Since then we have been a single site facility. Adjusting everything to be able to show a bookmobile location and allow people to pick up holds at multiple locations was a learning experience for both staff and patrons. In addition to the usual library technology needed to issue library cards, perform circulation functions, and use the library catalog, other technology on the bookmobile includes a security camera system, and batteries that charge from a variety of sources (including solar) to power the lights as well as various devices.

In the end it was all worth it. People LOVE the bookmobile. Our goal of extending library services to reach more people throughout the community is being met. We have issued new cards to people who have lived in town for years and never visited the downtown building, been swarmed by children at mobile home parks who have limited access to library materials and programming in the summer, were able to accommodate two people in wheelchairs at one visit, had hundreds attend special events, and made many new friends with all of the generous bookmobile hosts. Thank you to the Friends Foundation which made the purchase of the new bookmobile possible.

Programming

Children's Services staff continue to offer exceptional programming—more programs than there are days in the year! Last year, 588 programs were presented in the building, attended by 27,871 people. Many of the newer program offerings are STEAM (Science, Technology, Engineering, Art, and Mathematics) related. In May, we held a first-ever STEAM festival, building a replica "steam engine" in one of the meeting rooms, offering booths, demonstrations, and programs in other spaces. The festival was scheduled for two days, focusing on offering a field trip to area elementary schools on Friday, and

aimed at families on Saturday. With the help of grants from the Community Foundation of Johnson County, the Bywater Family Endowment Fund, and the lowa City/Coralville Area Convention and Visitors Bureau, we were able to offer top notch programming and every child who attended left with a free science book.

We received national attention for a new program – Autism Accessible Browsing Hour. We were approached by several mothers who had heard about a library offering special access for families who needed a quieter, more subdued environment so their autistic children could be comfortable in the library. In November, we offered our first special access event, opening an hour early on a Saturday morning. It was very successful, and has been repeated every other month all year. Especially heartwarming is that, after their initial visit, several attendees felt comfortable coming back to the library during regular business hours.

Adults also had some great program offerings this year. A new partnership with UI Associate Professor Bryant McAllister began with his offer to help interpret personal genetic tests during National DNA Day. Public interest was overwhelming and the group began monthly meetings to address issues such as inferences of traits, exploration of human genetic variation, societal impacts of DNA research, and DNA myth busters. Our local history "Weber Days" programming in the spring brought many out to history programs including *University Town, Union Town, The Jefferson Hotel and the Murals of Mildred Pelzer*, and *Voxman and Eble, Iowa City's Music Men.* One of the Pelzer murals is on temporary display on the second floor of the Library during the renovation of Longfellow School.

People of all ages benefited from a variety of programs and displays during Black History Month this year. Children's staff planned special storytimes, crafts, and programs which included learning about the Underground Railroad through materials from the African American Museum in Cedar Rapids and some of the great jazz musicians with the University of Iowa's Art Share Jazz Ensemble. Adult programs featured a visit from a Harriet Tubman re-enactor, a concert from The Gospel Explosion Ministry and several lectures including Lena and Michael Hill talking about their book, *Invisible Hawkeyes: African Americans at the UI During the Long Civil Rights Era*.

In June, we were part of one of the biggest programs of the year. The lowa City Downtown District threw a block (9 square blocks, to be accurate) party and we, and 30,000 people, were part of it. Our typical closing hour of 6:00pm on Saturday was extended until 10:00, and we hosted a video game tournament, offered an opportunity to play retro video games, or participate in a fundraising scavenger hunt. All were very well received.

Collections

Although overall circulation dipped this year, mirroring a nationwide trend, collection use is still very strong at 1.3 million items. Use of electronic/downloadable materials continues to grow. Downloads now account for 12.8% of all adult items circulated and 2.1% of all children's materials checked out. With only about one month of circulation from the bookmobile it's hard to predict what the most popular materials will be, because in the summer the bookmobile collection is heavily used by children. Use patterns will change in the fall. Reserves rose to more than 170,000 this year.

Subscription databases account for a significant percent of our overall collection expenditures, but they are not counted in our circulation numbers. We only count the number of uses. And, use was up this year to 257,482. We added several new historical resources including the *Historical New York Times*, *Digital Sanborn Maps*, and the *Historical Statistical Abstract of the United States*. At the end of the year we learned that the State Library chose a new vendor to provide heavily subsidized access to online information resources. This was a surprise announcement and we have chosen to retain overlapping resources for some time as we handle the transition.

We began circulating wi-fi Hotspots this year, a service that has been widely popular. We received 10 Hotspots from a nonprofit called MobileBeacon. We receive fairly low cost wi-fi service, which we pay on a monthly basis. We added seven Hotspots that people can connect to their computer for a free

internet connection, and three are circulated in a package with a laptop computer. The service is very popular and we will add an additional ten as soon as we can.

Technology

Bookmobile internet connections and circulating Hotspots are just two examples of the profound impacts of technology on the delivery of modern library services. We continually try to keep up with changes on both the public and staff side of running a library. A major project this year has been envisioning and designing a modern, flexible media lab to replace our old computer lab. It was designed in 2000 with 20 computers, arranged in a fixed classroom style. Currently, the lab is home to many heavily used programs including Minecraft and VITA income tax assistance, as well as the space for drop in tech help and technology classes. The new lab will support these functions with more computer stations and also take advantage of more flexible space with options for drop in use of resources such as Adobe Creative Cloud Suite software that most people cannot afford to own for personal use. The software supports graphic design, video editing, web development, photography, and cloud services. We now offer classes on this software that have been well attended. The lab construction is planned for the late fall.

Several major improvements were made this year in our Virtual Branch – that is how we describe the many ways people interface with us online. Early in the year, we gave the online event calendar a facelift and made the site more mobile-friendly. Later, we migrated our main website to a new platform, updated the navigation, and introduced a more modern, clean layout. We conducted usability testing with patrons before and after the changes. Patrons also participated in a card-sorting exercise that informed the navigation changes. All of the content on the website was reviewed and edited to eliminate duplication and to make it easier to understand. This is the first phase in a series of steps aimed at improving our online services.

We also introduced the MyICPL mobile app, which allows patrons to conveniently access and manage their accounts, search the catalog, add events to a personal calendar, and contact the library. The mobile app has been very popular and we are planning several enhancements next year.

The number one reason people visit the website is to search the library catalog, which is part of our library automated system. There were changes in the catalog, brought about by the addition of the bookmobile — new locations, options of where to pick up holds. And we said good bye to a legacy version of the catalog, Catalog Classic, which was no longer supported by our vendor. In the coming year, we will be taking a close look at the catalog software we have, and at other available options to determine the best fit for our needs.

We also revamped our digital signage with new layouts and added new options for electronic newsletters. The touch screen esigns on the first and second floors have a more dynamic, colorful design that is interactive and responsive to user interaction. The signs show featured events, Instagram feeds, and building maps. They also feature more timely information such as a Weber Days history quiz and 1000 Books Before Kindergarten graduate photos. New e-newsletter options include *The Windshield*, to share news about the bookmobile service, and *The Little Window*, which focuses on topics of interest to children and families.

Friends Foundation 25th Anniversary

The ICPL Friends Foundation is celebrating 25 years of generating private resources to support the lowa City Public Library in 2017. Those donations make a difference every day in our ability to serve so many people, offer up-to-date collections, and cutting edge programs and services in a building that is designed to best serve the community's needs. Thank you to everyone who has given to the Friends Foundation in the past.

Friends Foundation board members, working with the Library Development Office staff, have created some unique fundraisers for the occasion, including a quarter drive, Eat Out to Read partnerships with

lowa City restaurants, and ICPL Rocks My Block parties. We are looking forward to the next 25 years with all of our long-time and new friends.

Urban Library Woes

Two hundred and thirty-five people an hour, on average, enter our doors. A very small percentage of them have behaviors, sometimes caused by mental illness, that require action on the part of staff to maintain a safe and secure environment for all. This is no surprise to anyone who works in a modern urban library. This year, we lost an important deterrent to bad behaviors when the lowa Legislature, in response to a complaint from an lowa City resident, outlawed security cameras in any space of a public restroom. Ours had been in the common areas only. We also had several people banned for repeated bad behavior, including sexual harassment and fighting. Several times, children were left unattended for the entire day in the library. This summer we had to carefully monitor behavior in the Teen Center. These incidents are caused by a very small number of our many, many visitors, but can take a great deal of staff time. We consider them a necessary cost of offering an open, safe environment to all people, which is what we strive to do.

Another concerning national library trend is dealing with bedbugs. Several larger public libraries in lowa have combated the pests in recent years. They can enter the building on people's clothing, their belongings, or, as in our case, returned library materials. We had discussed the issue and tried to prepare for the eventuality, but the reality was hard. Several thousand dollars-worth of library materials were destroyed, and others quarantined and treated with freezing temperatures. Our ongoing precautions include regular visits from a dog trained to sniff out bedbugs.

In June, a sewer backup in the middle of the night affected about 25% of the space in the Children's Room. Carpet, baseboards, cupboards, drywall, and insulation in the affected areas had to be removed and discarded along with some furnishings. Worst of all, this happened during our busiest month of the year in the Children's Room. Thankfully, we had just completed an update of Meeting Room D and were able to move all scheduled activities from the Storytime Room to Room D. After cleaning, carpet replacement, and wall repairs, we moved back in to the space. We are awaiting the replacement of some furnishings.

Summary

It's been an exciting year at ICPL. The new bookmobile mixed things up in many ways and made us look at the way we do things with new perspectives, always a good thing. We continue to try to meet the needs of our community wherever they might be – in the building, on the bookmobile, in the cyber world. During our Valentine's Day display, people wrote comments about the library on hearts and posted them. One said, "There is more freedom here than anywhere else I've ever been," another, "No one believes me but I decided to move to lowa City after I visited this Library. I LOVE THIS PLACE." I will work hard to keep earning those sentiments.

Susan Craig, Library Director

RE:

Proposed Art Gallery

The cost estimates from the architect on remodeling needed to turn the east side of the hallway outside the meeting rooms on the first floor into an art gallery is \$34,960. The estimate is based on a project that is bid out, and we would manage it in-house with our electrical contractor, so I believe we could do it for less than that. This is something that would be funded from NOBU funds as it is not in the operating budget.

I have attached the memo from May that sets a plan for moving forward. Now that we have a cost estimate, the Board now needs to decide if they want to move forward. For further information, the initial background material was in the February, 2017 board packet which is online at: https://www.icpl.org/about/board/packets.

RE: Possible Art Gallery

I am working on the concept endorsed by the Board at the last meeting – using the east wall of the meeting room hallway for a juried art show three times a year to coincide with the Gallery Walks in downtown lowa City.

I have asked the architect working on the plans for the Children's Room space for upper elementary kids and the remodeled/expanded Computer Lab to include redoing the hallway wall in a way that would accommodate installing and taking down three shows per year. Lighting the space also needs to be improved. Once we have plans and a cost estimate, if you approve moving forward, this will be part of the larger project we expect to bid out next fiscal year, hopefully in the fall.

We will need to revise the Art Advisory Committee Policy to amend the Committee's duties. The Art Advisory Committee needs to discuss its role in the process because the work load will increase. I believe we can amend the current Display Policy to include a provision for juried art shows. These policy changes will come to you if you approve the costs for the necessary building changes.

Staff will work with the City attorney and the City's public art person to develop an agreement to be used with the gallery artist.

Walk the University of Iowa SLIS hallways, view photos and videos, enjoy refreshments, and record your own oral/video history for future generations of librarians.

HOTEL INFORMATION

Coralville Marriott Hotel & Conference Center 300 E. 9th Street, Coralville, IA 52241 Room Rate: \$130/night When making hotel reservations, please tell them you are booking a room in the lowa Library Association block. To book your room, please call 888-236-2427 or 319-688-4000 by Tuesday, September 26 to obtain the group rate.

EXHIBIT HALL HOURS

Be sure to come to the Exhibit Hall Wednesday from 3:00-6:00 pm for the Grand Opening of Exhibits to enjoy hors d'oeuvres and beverages and visit with exhibitors. The Exhibit Hall will be open Thursday from 8:30-11:45 a.m. and 1:15-5:15 p.m.

CONFERENCE SCHEDULE UPDATES

Please note the following updates to the conference schedule. The events listed below are now at different times from previous years:

- The Leadership Institute Reunion Breakfast will be held on Thursday morning.
- · Award presentations will take place at the Awards Luncheon on Thursday.
- New this year is Breakfast with the Board on Friday morning. The ILA board will provide updates and be available for discussion.
 State Librarian Michael Scott will also provide the library services update at this breakfast.
- The ILA business meeting will take place during the Friday General Session.

ADDITIONAL INFORMATION

Additional conference details are available on the ILA mobile site (ila2017conference.sched.com) and on the ILA website (www.iowalibraryassociation.org) under the conference menu.

2017 SPECIAL EVENTS

SLIS Anniversary Reception – Wednesday, 6:30 – 9:00 pm Join your friends and colleagues for a reception in the Marriott Coral Grand Ballroom. The UI School of Library and Information Science is celebrating its 50th Anniversary with a lively reception, kicking off the ILA Annual Conference. All ILA Conference attendees are invited and there will be hors d'oeuvres and desserts, a cash bar, along with a special retrospective of photos. If you plan to attend, mark the box on the conference registration form. Free to attend.

Come in! THE LIBRARY IS

ILA Iowa Library Association 2017

The Library Is Open t-shirts can be ordered online between Sept 5 and Oct. 6. You must order your t-shirt prior to the conference. T-shirts will be available for pick-up at the conference. For details on the available colors and styles as well as instructions on how to order visit the Conference page of the ILA website.

Trivia Night - Thursday, 6:00 pm

Dan Wardell of Iowa Public Television returns to host Trivia Night. In this evening, filled with food, fun, and laughter, teams of 8 work together to answer questions designed to stump, educate, and humor you. The evening includes dinner, dessert, and a cash bar. Trivia Night is open to the general public—bring your staff, friends, and family! You'll be placed on a team if you don't have one. All participants must pre-register. Registration includes dinner and costs \$33.

Bid on donated items or buy raffle tickets for great prizes and support ILAF! The silent auction runs from 3:00-6:00 pm on Wednesday and 8:30 am -6:00 pm on Thursday.

Children's Services Report Prepared for the Iowa City Public Library Board of Trustees, August 2017 meeting By Angie Pilkington, Children's Services Coordinator

Summer Reading Update

Our Summer Reading Program has come to a close for another year. We are still doing almost daily programs in the department, but the chance to earn prizes for reading has ended. We had 322 babies registered for the program this year, but more than 174 completed the program. We had fewer signups with the babies and toddlers, but an increase in completions. We had 2,784 kids aged grade 3 to grade 6 sign up for the reading program, with 1,068 completing the program. This is an increase for both sign-up and completions over last year. We are, however, still down compared to 2015, which saw 2,878 Kids and 423 babies in the program and 1,369 kid finishers, and 206 baby completions. I will take the increase and continue to grow next year again.

We had 58 programs is June, with a total of 4,059 participants. In July, we had 57 programs and 4,152 participants. We had a fantastic line up of programs, with many people taking advantage of the cool building during the hot days to watch a show. Some of our most popular programs this year were our Tween programs and two new series we designed, World Wednesday's, and Earth Friendly Friday's, which gave kids the chance to participate in an activity every day at 1pm.

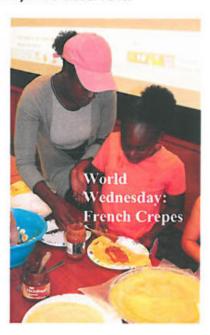

I would like to thank all of the staff who worked hard all summer long. If you ever stepped into the Children's Room during June-August you would know just how busy the room was. I want to praise the staff for offering consistent and friendly service all day, every day, even in the most hectic of situations.

Lastly, Nancy Holland has announced her retirement, with her last day being September 29th. Nancy has been a huge asset and a beloved member of the Children's Department for 38 years. She leaves big shoes to fill, but we wish her nothing but health and happiness. Enjoy your retirement, Nancy! You deserve it!

Collection Services Department Report

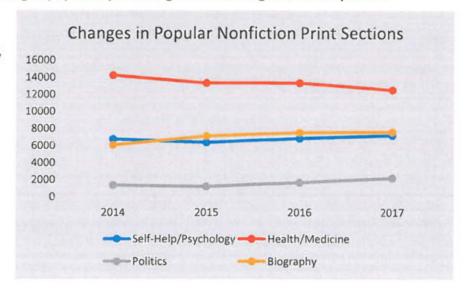

Prepared for the August 24, 2017 Meeting of the Iowa City Public Library Board of Trustees Anne Mangano, Collection Services Coordinator

Circulation for the library's collection was down overall again this year. We ended the fiscal year 4.39 percent down from FY16. In looking at the data, here are a few trends that selectors are keeping their eyes on during the coming year, and in some cases, years to come:

What to do with a problem like print nonfiction?

Since 2011, the circulation of the adult print nonfiction collection dropped steadily from year to year. This year, circulation dropped below 200,000 for the first time since 1990.¹ Library Journal's Barbara Hoffert, in her annual materials survey, called nonfiction "volatile."² Trends for specific segments of nonfiction seem to fall in line with other public libraries with health, travel, and craft books not circulating as well as they have in the past, while self-help/psychology, biography, and political science slightly increasing in popularity. Although we saw a significant drop in our

nonfiction circulation this year, the publishing industry saw a gain of 6.9%.³ However, *Publisher's Weekly* reports that coloring books are counted as nonfiction in the publishing trade and are still contributing greatly to the increased sales numbers.

eBook growth plateaus

This year, the growth of eBook circulation slowed dramatically, showing only a 2% increase this year. Since

the collection's inception in 2010, we've seen double digit increases to the use of our eBooks. Slowing, or even declining eBook sales is a trend that the publishing industry is reporting as well (if you take the indie and self-publishers out of the mix). We are currently revaluating the growth of expenditures on eBooks, balancing our materials budget with the collection's use.

Changes in Adult eBook Circulation

Year	2013	2014	2015	2016	2017
# of Circs	35,425	43,256	50,361	57,153	58,311
Percent Change	↑ 27.5%	↑ 22.1%	↑ 16.4%	↑ 13.5%	↑ 2.0%

¹ This year total nonfiction circulation did not include the numbers for comics, which were pulled out of the nonfiction collection at the beginning of this fiscal year. However, if I add the circulation for the comics collection to the nonfiction numbers, the total circulation is 196,810.

³ "Print Book Sales Rose Again in 2016." *PublishersWeekly.com*, www.publishersweekly.com/pw/by-topic/industry-news/bookselling/article/72450-print-book-sales-rose-again-in-2016.html. Accessed 26 July 2017.

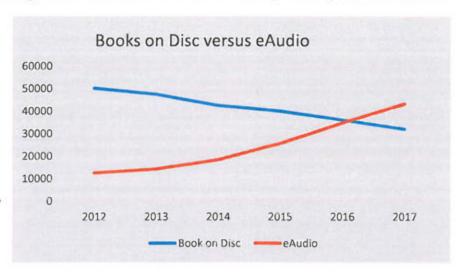

⁴ AAP Reports Print Up, eBooks Down 16.2% Through November 2016

https://the-digital-reader.com/2017/04/14/aap-reports-print-ebooks-16-2-november-2016/

The continued rise of the audiobook

Digital audiobooks continue to grow in popularity. In my December report to the Board, I stated that in 2016, we saw the format surpass its physical counterpart (book on disc) in all collections except children's. In 2017, the digital format exceeded books on disc by over 11,000 circulations.

This is not a surprise. The digital format is convenient to check out using a smartphone and listeners have access to the audiobook everywhere they are—not just in the car. Publishers are increasing their offerings, publishing audio versions of books they normally passed on, like genre fiction and longer titles. We now treat digital

audiobooks as the main audio collection, while books on disc a more specialty collection. What this means is that when an audio version of the book is selected, we will purchase it for the digital collection. If it is a very popular book, a compact disc version will be added as a complement to the collection.

Disruptions disrupt

This year, two incidents limited access to children's collections. During the bedbug mitigation, new children's materials were not available for several weeks, removing our most popular collections from patron use. Our 2nd quarter percent checked out reports show that in December, our children's books had significantly less checked out during the absence of the new collections than they did at that time during the previous year. Circulation dropped more than normal in our second quarter. In terms of the sewage backup, patrons lost access to most of the children's collection for two days while we were in the full swing of summer reading, our busiest time of year. On average, children's circulation during the month of June is 1,250 per day, meaning we potentially lost out on 2,500 circulations those two days alone. In no way do these two incidents account for the 2.5% decrease in children's circulation this year, but they did contribute.

Overall, the Selection team sees these lower numbers as a challenge and we are finding our way forward. Are these numbers a long-term trend? Are lowa Citians reading less? What are lowa Citians reading and how can we better fulfill their needs and interests? What experiments at a collection-level can we do to increase use? These are the questions we are asking ourselves and hope to address in the coming year.

INFORMATION TECHNOLOGY REPORT TO LIBRARY BOARD (August, 2017)

Brent Palmer, IT Coordinator

Digital Media Lab

The plan for renovating our Computer Lab involves developing a Digital Media Lab that represents a Maker Space concentrating on digital media creation projects. The space is being reconfigured to allow flexibility and innovation. Instead of focusing on hardware and software, we will start with programming and adapt the equipment and space to the needs of the activities we are promoting. As for the programming itself, we aim to develop an experimental approach: start small and try different project-based programs centered on digital media creation but with a focus on Adobe Creative Cloud. A heavy component of the programming will be an emphasis on getting user feedback and then using that feedback to adapt and change the programming as we go.

Digital Media Lab Programming Key Points

- Focus on project-based programs
- Promote self-guided learning
- Built-in system for user feedback
- Encourage collaboration and sharing

The space will be designed to support training, programming, and access to technology not typically available to average users to assist in creating digital media. The most significant change is enlarging the space by moving a wall into the adjoining graphics area. Furniture arrangement may be partially fixed, but will primarily be movable (on wheels), with easy access to power in floor boxes distributed throughout the space. A large screen monitor will add additional options for display. The existing screen and ceiling projector will stay. Moving the presentation technology out of the current podium to cabinets at the edge of the room will allow for a moveable podium to replace the large fixed podium.

Some activities (Minecraft, tax assistance) will require all of the space be dedicated to a single purpose, but during other times activities should be zoned, so multiple uses can be made of the space. For example, two staff could be helping three people at drop in tech help, while a small group of 4-6 people is working on a group project and someone is independently using the large scanner and someone else is independently using a computer with video editing software.

Room D Upgrades

We have been getting good reviews from patrons who have been using Room D since the upgrades. When it was an ICN-style room, the furniture and equipment seemed to dominate the room both visually as well as logistically. The current technology in the room stays more in the background and can be used only if needed.

The new flexibility really came in handy during the recent plumbing problems in the Children's Room. Room D was turned into a temporary storytime room during the repairs. Another interesting example is that a group is planning a fundraising "beading party" for which we came up with an innovative way to use the webcam at the front of the room to give the attendees a close-up view of the instructor's hands.

Children's Room Technology

Summer time is incredibly busy for the Children's Room and the technology options are always in high demand. We have 10 iPads for in-room checkout, 6 public internet machines with lots of games installed, and 4 early learning stations for the younger kids. In the summer, there is an insatiable demand; we limit playing time to 30 minutes for most of these devices, and there is still a waiting list. The touch table is still very popular. Unfortunately there aren't enough multi-player games to allow everyone to play at once. The Children's staff have even had to resort to turning it off at times because of kids (literally) fighting over it. We are going to be installing a mobile device charging station for adults who are in the Children's Room watching their kids.

Development Office Report

Prepared for the Board of Trustees lowa City Public Library by Patty McCarthy, Director of Development August 24, 2017

Tee Off for Swimming & Reading

Seeking: Golfers to enjoy a beautiful early September Friday afternoon at Finkbine Golf Course to benefit area children.

Friday, September 8, 2017

11:30am lunch 1pm Shotgun 4 person best shot

Make reservations here \$125 per golfer/\$400 per foursome. Finkbine Golf Course, lowa City

Tee Off for Swimming & Reading will raise funds for children's swim lessons and children's library programs and books in a new partnership between the lowa City Public Library and Iowa City Parks & Recreation Department. Help spread the word about this great golf opportunity.

ICPL Rocks My Block! Plaza Towers

Tour four fabulous homes at Plaza Towers and benefit the lowa City Public Library at the same time on September 30th! Save the date and watch your inbox for reservation information. Space is limited.

Details are coming together for this unique block party on **Saturday, September 30**, 4:30-7:30pm. You will be amazed by the unique homes ranging from 1,100 to more than 3,000 square feet and the views their owners enjoy every day.

Guests will rotate through each unit while savoring appetizers, special beverages, and conversation with the hosts. After the tours, everyone will gather at Neumann Monson Architects to learn more about the design and construction of this award-winning building which is the Library's neighbor. Reservations will be \$50 per person, with all proceeds benefitting the Library thanks to the generosity of our sponsor and hosts.

Thank you to McComas Lacina for sponsoring this fundraiser and our hosts Joyce and Dick Summerwill, Linda and Ed Farkas, Suzie Lagina, an anonymous homeowner, and Neumann Monson Architects.

Eat Out to Read Success

Fun, great food, and raising nearly \$2,000 for the ICPL mean that ICPL Friends Foundation board members will continue to schedule restaurant fundraisers this year. Library friends love the opportunity to help pack a local restaurant for a fantastic meal and know that part of their total will be donated back to the Friends Foundation. Let me know if you have a restaurant suggestion and we'll ask them to participate.

FY2018 Friends Foundation Board Meetings

Wednesday, August 30, 2017 at 4pm Wednesday, November 29, 2017 at 4pm Wednesday, February 28, 2018 at 4pm Wednesday, May 30, 2018 at 4pm By Angela Pilkington, Children's Services Coordinator at the Iowa City Public Library

That's a wrap!

The 2017 Summer Reading Program is coming to a close at the Iowa City Public Library. We had more than 4,500 participants sign up this year, with more than 2,000 completing the program. That is a lot of reading! In case you are curious, here are some of the most popular books checked out this summer at the Iowa City Public Library.

In the Children's Department, if your name is Mo Willems or Jeff Kinney chances are you have the top books being checked out. The Diary of a Wimpy Kid series by Jeff Kinney holds the top seven spots in Children's Fiction. Coming in at number eight is "Big Nate Blasts Off" by Lincoln Peirce, then spots nine through 12 go back to The Diary of a Wimpy Kid series. Finally, in at number 13, we have "Harry Potter and the Sorcerer's Stone" by J.K. Rowling.

In picture books, the top four most checked out books this summer were from the Pigeon series by Mo Willems, followed by "The Lorax" by Dr. Seuss at number five.

Children's comics were extremely popular this summer at ICPL. The biggest series was Pokémon Adventures in at number one and three. The Babymouse series by Jennifer and Matthew Holm comes in at number two. Squish, also by Jennifer and Matthew Holm, and Lunch Lady by Jarrett Krosoczka round out the top five graphic novel series checked out this summer.

"The Hate U Give" by Angie Thomas was the top book checked out by Teens followed by "Eleanor and Park" by Rainbow Rowell and "Harry Potter and the Cursed Child" by J.K. Rowling. "Divergent" by Veronica Roth came in at number four and the fifth most check out book this summer was "Catching Fire" by Suzanne Collins.

"Into the Water" by Paula Hawkins was the most checked out Adult Fiction book this summer, followed by "Camino Island" by John Grisham. "The Underground Railroad: A Novel" by Colson Whitehead took the number three spot. The fourth and fifth most popular summer titles were "The Whistler" by John Grisham and "All the Light We Cannot See" by Anthony Doerr.

All of these titles are still available for you to check out this fall as you head back to school or work after the long summer vacation.

Speaking of back to school, just because the kids go back later this month, it doesn't mean visits to ICPL have to stop. We are filled with educational resources to help make this school year the best ever!

Did you know we have subscriptions to databases that can help students with everything from learning a new language with Mango Languages to research with Kids Encyclopedia Britannica? We also have a subscription to Learning Express, with access to lessons and study aids to help students at all grade levels. Don't forget OverDrive and TumbleBooks for eBooks and audiobooks! All these FREE online resources and more can be found on our website: icpl.org

By Meredith Hines-Dochterman, PR Specialist at the Iowa City Public Library

Two years ago, I embarked on a cleaning spree I dubbed The Great Purge of 2015.

I spent weeks shredding credit card statements from the Clinton and Bush years. Books I couldn't finish were placed in Little Free Libraries throughout town, kitchen gadgets I rarely used found new homes and clothes I hadn't worn in years were stuffed inside donation bins. I'm not a minimalist, but the more items I took out of my house, the more I understood why "The Life-Changing Magic of Tidying Up" by Marie Kondo sold 1.5 million copies.

According to NPR, the average size of an American home has tripled in size over the past 50 years. Inside those homes, according to the Los Angeles Times, is an average of 300,000 items. One-fourth of homes with two-car garages have too much stuff for the cars to fit inside. Only 3.1 percent of the world's children live in the United States, yet they own 40 percent of the toys consumed globally.

The Christian Science Monitor recently published an article about the offspring of Baby Boomers who cringe when their parents say, "Someday, all of this will be yours." As someone who has turned down offers of cookie cutter collections and wedding china, I can relate.

Then there are my children. My son leaves for college this month and my youngest will enter her junior year of high school. Downsizing is a concept that's shifting from abstract to concrete. Yes, my house holds less things than it used to have, but I can always do more — with less.

If you feel the same, the Iowa City Public Library has shelves of resources that will help you clean and organize any room in your home, as well as books and DVDs that explore the minimalist lifestyle. It's so easy to stop by and check one out as you begin your own Great Purge. Here are a few titles I recommend:

"Real Life Organizing: Clean and Clutter-Free in 15 Minutes a Day" by Cassandra Aarssen. This is a great book for those who want to get organized, but quickly lose interest in projects.

"Let It Go" by Peter Walsh explores the emotional challenges that can accompany downsizing and helps readers develop strategies for making choices that fit their life goals.

"Goodbye, Things: The New Japanese Minimalism" by Fumio Sasaki may sound similar to "The Life-Changing Magic of Tidying Up," but while Kondo is an organizing guru, Sasaki is an ordinary guy who decided enough was enough. He got rid of everything he didn't need and discovered a new way to live.

Minimalism isn't for everyone, just like storage bins and label makers aren't for everyone. However, I'm sure most of us have one drawer or closet that never quite closes which could benefit from a cleaning spree. Start there and if it inspires you to do more, come to the Library for books that will help move your journey forward.

this measure.

Of the 10 largest school districts in Iowa, the Iowa City school district (fifth largest) has the lowest property tax rate. Our kids are worth it. No student should have to learn in a temporary "mobile" classroom for several years in a row. No student should have to use ice packs and water bottles in a sweltering classroom while trying to learn. No student should be unable to hear the teacher due to blowing fans. Vote "yes" and consider casting your ballot for Shawn Eyestone, Ruthina Malone and Janet Goodwin.

> Jacqueline Nelson North Liberty

Silence of Republicans on Trump is deafening

While the chaos of the Trump administration is bringing into question basic governance at the federal level and with some conservatives speaking out about that, the silence of Iowa Republicans when it comes to matters President Donald Trump is deafening.

But my concern looking ahead is on a front that is receiving little attention: that Trump will turn to military action not because of a legitimate national security interest but, rather, because he can and because that would serve as the ultimate diversion from all the chaos and failings of his administration. While we should be wary of the potential misuse of the military, we have a commander in chief who clearly and regularly puts his own interests and political survival above all else. We also know that: 1. He doesn't believe he should pay a penny, let alone his fair share of taxes to support the military. No member of the Trump family will step up and serve in the military, particularly in a time of war. To Trump, the military is little more than a toy. You know that

President Trump at his best.

Clay Bennett is a syndicated cartoonist distributed by Post Writers Group. Comments: postwritersgroup@qg.com

when he talks about "my generals."

That should concern us all, but if Trump starts to abuse his authority by misusing military personnel and resources, it appears Iowa Republicans will take another pass on putting the country and Iowans above themselves and their party. Can't we do and be better?

Scott Peterson Mount Vernon

Warner articles didn't tell entire story

Mike Hlas has written a number of articles about Kurt Warner. In each of these articles, he has covered only part of the story. He has consistently overlooked one set of parents and has done an injustice to two wonderful

people.

Gene and Mimi Warner have been by Kurt's side every step of the way, through all the ups and downs, the good and the bad. When Kurt was at the University of Northern Iowa for four years riding the bench, Gene attended every home game. In his senior year, when Kurt finally started. Gene and Mimi went to every home and away game - from Louisiana to Wyoming and a lot of points in between. Kurt made it to the NFL and again they attended the majority of his games. Gene has attended the last five Super Bowls with Kurt, the last three anxiously waiting in that hotel room on Friday night to see if Kurt would make the Hall of Fame. Kurt wanted him to be there, and Gene wanted to be there to support him.

Last weekend was the crowning of a remarkable career for Kurt Warner, and

Gene and Mimi Warner were will continue to do so. there along with their other children; Matt and Katie Warner, Matt and Kari Post, Gene and Mimi are two of the most dedicated parents and grandparents that I know. A grave injustice has been done, not only to them but to all your readers. You owe it to them to tell the whole story.

Thomas Petsche Sr. Solon

Rep. Rod Blum works hard for lowans

Regarding Cindy Garlock's Aug. 6 column "Blum fails to represent all Iowans":

U.S. Rep. Rod Blum represents me and the vast majority of voters in Iowa. We are fortunate to have a representative like him. He supports balancing the federal budget, enacting term limits on senators and representatives. banning lobbying by members of Congress, growing the economy and supporting our military.

I received the same email update newsletter Garlock is referring to, and it shows Blum meeting with Iowans from all walks of life. He

is seen meeting with Iowa groups in Washington, D.C., touring local businesses, visiting a veterans center and another veterans home ribbon-cutting and spending the day at AsianFest at McGrath

Amphitheatre.

Garlock points out that Blum has received donations from various political groups across the United States. Blum's opponents the last two election cycles have raised vast amounts more than he has from out-of-state sources, yet a majority of Iowans have backed our congressman and I believe they

Tami Soukup Cedar Rapids

I.C. Autism Community grateful for support

The Iowa City Autism Community (autismiowa city.org) would like to extend its appreciation to the local businesses and organizations that were willing to partner with us to provide autismfriendly events this summer. Many neuro-typical people take for granted being able to go the library, pool, bowling and other fun activities over the summer. For many autistic people and their families. the crowds, noise, unpredictability and judgments of others are a prohibitive barrier to enjoying the resources our community has to offer.

This summer, AirFX Trampoline Park, Bloomsbury Farm, Brush and Barrel, Colonial Lanes, Iowa City Public Library, Iowa Gym-Nest, North Liberty Community Library and the UI Campus Recreation and Wellness Center showed their willingness to accommodate the needs of autistic people and their families so that they could have fun and get out into the community

comfortably.

We also had the support of the University of Iowa Stead Family Children's Hospital Autism Center and the East Central Iowa Autism Society in sponsoring some of these events. Thank you to everyone who has helped make this community a little more accepting and inclusive of folks on the autism spectrum and their families.
