THE IOWA CITY.—We find the following in the Wapello *Republican*. We are glad that if low water prevents our town from sharing in the benefits of this steamer our neighbors receive them and that the owners are sure of their reward:

Several of our citizens went to the State Fair on the steamer Iowa City, having a pleasant time down and back. On the return trip, after supper, a meeting was called in the Cabin; Mr. Wm. Baker was appointed to the Chair, and Mr. Geo. Keller, Secretary, when the following resolutions were unanimously passed:

*Resolved*, That we hereby tender our thanks to the officers, one and all, of the gallant little steamer Iowa City, for their uniform courtesy and kindness, and for their untiring exertions to render all on board comfortable and happy.

*Resolved*, That the Iowa City will do to "tie to." That she is all that could be desired in the way of a steamboat; being new, staunch, swift, and managed well, and that being identified as she is with the interests of Wapello, we are proud of her, and will rejoice at any success she may achieve.

"Long may she wave."
