

the establishment of paper moneyed institutions, and special monopolies of all kinds exists here, that does in the states.

STEAM BOAT ARRIVAL.

The Steam Boat "Maid of Iowa" arrived at this city on Sunday last. She received on her downward tripe a large cargo of corn shipped by our farmers in this vicinity. We regret to learn that a keel boat which she was taking down freighted with corn was broken in two and about 1000 bushels of corn sunk most of which was shipped by Judge Harris a few miles below this city.
